KSS-Abhishek Receives Maruti Suzuki Quality Award Indian Safety Restraint Operation Recognized for 2nd Consecutive Year

HONG KONG, China, May 25, 2010 – KSS-Abhishek Safety Systems Pvt., Ltd. (KSSA), a joint venture between Key Safety Systems Inc. (KSS) and Abhishek Auto Industries Ltd. (AAIL) to engineer and manufacture advanced safety products for the global automotive market, announced today it received the 2009-2010 Maruti Suzuki Vendor Performance Award. The honor was bestowed at a supplier meeting held in Hong Kong on May 3rd. It is the second consecutive year KSSA has received the distinction for quality.

Tony Jain, President and General Manager of KSSA said, “This is a great honor for KSS-Abhishek, and reflects our continuing commitment to provide our customers safety restraint products with world class quality and technology. This award is only made possible through the commitment, investment and partnership exhibited by AAIL and KSS. We are grateful for the opportunity to serve Suzuki now and in the future.”

The supplier meeting, themed 'Beyond The Million', was designed to help align growth strategies and ensure suppliers are prepared to double their output in support of Maruti Suzuki, who is the largest vehicle manufacturer in India. Maruti Suzuki reached annual production of one million cars in 2009.

About KSS

Key Safety Systems (KSS) is a global leader in the design, development and manufacturing of automotive safety-critical components and systems including inflators, airbags, steering wheels, and seatbelts. Its products are featured in more than 300 vehicle models produced by over 60 well-diversified customers worldwide. KSS is headquartered in Sterling Heights, Michigan, with a global network of **35** sales, engineering, and manufacturing facilities generating approximately **\$1 billion in sales**. The company has four main technical centers located in the U.S., Germany, China, and Japan.

About KSSA

KSS-Abhishek is a 50-50 percent joint venture between KSS and Abhishek Auto Industries Ltd. (AAIL), formed in 2007 to provide safety critical products such as inflators, airbags, seatbelts and steering wheels. The company includes a 140,000-sq. ft. state-of-the-art manufacturing facility and technical center in Manesar, Haryana that is tightly connected with the KSS global technology centers in Detroit, Frankfurt, Tokyo and Shanghai working in concert to execute global programs together.
